Good Afternoon,

Thank you for contacting our company for your business needs. We deal direct with wholesalers or distributors. We do not show you as one of our customers. Therefore you will need to contact the wholesaler or distributor you currently are using for assistance or you can check your local directory under refrigeration services for distributors within your area. There is one wholesaler in Argentina which is EPTA at 54 341 461 5000 which may be able to assist you with your ordering needs.
